This colorful book incorporates the revival of Victorian designs with modern lifestyles. The primary purpose of this book appears to be how to add Victorian touches to pretty much any kind of home. It would be nice though, if this book was updated. The edition I have was printed in 1988.

If you're into looking at pretty pictures like me then this is the book for you. I don't plan to read books like these since I feel the pictures are enough for me personally. I get inspired quite easily so I don't have to go too in-depth. So I don't have much to say on the reading material, but I bought my edition cheap and used so if you're just curious just buy a used one and see for yourself.

This is a replacement for a book that was lost,,,,,glad to find it again, it's an excellent source of decorating ideas in the Victorian style.

Bought this as a gift. Has beautiful pictures and was well received. The book was nicely put together both in thought and content.

Excellent book. Interesting ideas and beautiful photos.
