I Like You Just The Way I Am: Stories About Me And Some Other People

Synopsis

A New York Times best seller! By the actress, writer, and one of the funniest women on Twitter, an outrageous, hysterical memoir of acting on impulse, plotting elaborate hoaxes, and refusing to acknowledge boundaries in any form. Jenny Mollen is an actress and writer living in Los Angeles. She is also a wife, married to a famous guy (which is annoying only because he gets free shit and she doesn't). She doesn't want much from life. Just to be loved - by everybody: her parents, her dogs, her ex-boyfriends, her ex-boyfriends' dogs, her husband, her husband's ex-girlfriends, her husband's ex-girlfriend's new boyfriends, etc. Some people might call that impulse crazy, but isn't "crazy" really just a word boring people use to describe fun people? (And Jenny is really, really fun, you guys!) In this program, you'll find stories of Jenny at her most genuine, whether it's stalking her therapist (because he knows everything about her so shouldn't she get to know everything about him?); throwing a bachelorette party so bad that one of the guests is suspected dead; or answering the eternal question: Would your best friend blow your husband on a car ride to dinner if she didn't know you were hiding in the backseat? *I Like You Just the Way I Am* is about not doing the right thing - about indulging your inner crazy person. It is Jenny when she's not trying to impress anyone or come across as a responsible, level-headed member of society. With any luck it will make you better acquainted with who you really are and what you really want. Which, let's be honest, is most likely someone else's email password.

Book Information

Audible Audio Edition

Listening Length: 7 hours

Program Type: Audiobook

Version: Unabridged

Publisher: Audible Studios

Audible.com Release Date: June 2, 2015

Whispersync for Voice: Ready

Language: English

ASIN: B00V3QBR20

Best Sellers Rank: #22 in Books > Arts & Photography > Performing Arts > Theater > Acting & Auditioning #47 in Books > Audible Audiobooks > Arts & Entertainment > Performing Arts #54 in Books > Audible Audiobooks > Humor > Essays

Customer Reviews

I really wanted to like this book, but guess what? I've read it. It's all her blogs from Playboy's Smoking Jacket. Jenny seems like she'd be so much fun to know, but after the eighth story of her narcissism and "quirkiness", mixed in with what a stalker she appears to be, I got over it real quick. Just google her name along with the Smoking a Jacket and you've saved yourself ten bucks.

I really wanted to like this. It was recommended by Jen Lancaster and I love Jen so i was expecting to love this but no such luck. I suspect half of the stories stories was either made up or vastly exaggerated, but only because i refuse to believe that people can be so self absorbed.

Odd book. Jenny Mollen is the poster child of how not to raise your child. Parts were amusing while other parts seemed mean and bizarre. Clearly not someone I want to know. Her husband has a long life in front of him with her, or at least it will seem long.

Let me start by saying that I have never written a review before. I love reading and I have a good sense of humor. I love witty and sarcastic humor. That said, saying that you would be skinnier if you had AIDS and that you are mentally choosing your AIDS outfits is disgusting. Trying to make molestation humorous and saying that you are offended because no one molested you is reprehensible. "Sh's not hot enough to be molested and I totally am." The entire molestation chapter is mind-boggling. I have no words. Save your money. The Ben Wa balls story was the only funny part of the book and definitely not worth the time or money you will waste on this narcissistic journal (I refuse to call it a book).

Completely worthless and the book is lame too! Just a horrible person. Who hopes they get raped or molested because they need more attention in their lives. I truly hope she finds all the negative drama she is looking for. Someone must have paid a lot of money to get this published for her. I can't tolerate people who cause problems and drama for others just because they are boring and their life is boring because no one wants to spend any time with them. Waste of time and waste of my mind!

This book his hilarious with some outrageous stories. Bought it for my wife and she loved it. Read most of it myself too. Definitely recommend if you're looking for a funny (and sometimes vulgar) read!

Jenny Mollen is hilarious. Her crazy tales seem desperate at times but she OWNS it. She is self aware at how insane our minds and actions can be, and many of the chapters are frighteningly relatable. Very entertaining book. Finished it in a day because it was so addicting.

I purchased this book because I'm a huge fan of Chelsea Handler, and she endorsed this book. If you are looking for something funny, refreshing, and totally unexpected YOU MUST READ THIS BOOK. I laughed out loud on many occasions, and it's a book I'd read anytime I needed a laugh. I would recommend this book to anyone with a great sense of humor that's looking to be thoroughly entertained!
