Good

Was below my skill level but use this book as a reference when I'm forgetting a slide position or the what note is this. Good book for the price.

working on it

Good basic book for beginner trombonists. Moves fairly fast, doesn't spoon-feed the student as most of the modern methods are prone to do. Gets them playing like a musician.

easy to read the notes. My son loves it. He used it in his private lessons class and at home
