The Absolute Beginner's Big Book Of Drawing And Painting: More Than 100 Lessons In Pencil, Watercolor And Oil

Synopsis

Everyone can draw and paint, including you! Even if you have never drawn or painted before, you can start creating your own beautiful artwork. Let the Willenbrinks show you how! Beginning with materials and basic techniques, these pages will teach you everything you need to know to get started in drawing, watercolors and oil painting. Follow along with 75+ demonstrations and mini-demonstrations as you learn how to draw and paint a wide variety of subjects: people, landscapes, buildings, still life and more. Every essential art topic is covered, from sketching and shading to composition and color. Simple step-by-step instruction and many enormously useful lessons and tips will have you making your own masterpieces in no time! You may be an absolute beginner, but great results are absolutely within reach!

Customer Reviews

I first loaned this from the library to see what it was like before I bought it due to me never finding a book that really shows you everything and I am glad I bought it , its the best buy I have bought in books that shows you basically everything . Shipping great , book condition great , a must buy

I got this after checking out the books in my local library. I think this is a great resource for a beginner like me. Many clear instructions and tips/hints for success. I also like that it covers drawing

and painting with water colors and oils. Glad to have this book!

I saw this book in a retail store and fell in love with it, but didn't want to pay the high price. I was able to get it through for much less. It is an excellent book for beginners. A great deal!

Book is good, but a lot of the material is covered in Mark's other books, which I already own. It really is a good beginner's book!

Very pleased with this book. Actually, I bought two copies: one for me and one for my granddaughter. I'm relatively new at drawing etc., so this book was great for me. The step-by-step drawing instructions are perfect. My granddaughter was skeptical, but after following along, she was able to draw a beautiful butterfly. I haven't tried painting yet, but will shortly. I'm sure those chapters will assist me on my artistic journey as well.

Very easy to follow the illustrations.

For beginner is really a great guide to introduce all tools n further more it introduce about colors, it's a great book for starter and the rest is just endless practice.

This is a wonderful book to start learning to draw and paint. And for us who have been away from it for a while, it is a nice refresher course.
