## Customer Reviews

My grandson is using this book in the Wheaton school district so I bought it to keep up with him, plus the accompaniment book. I learned a lot quickly and still go back and play along with the CD, as well as practice the exercises which are so important. I also purchased the Essential Elements beginner book. It's also pretty good..

This product arrived with one of the two cds and the one that was included does not work. Trust me, I checked our cd player and other cds work. This one is blank. Be sure to check immediately upon receiving. I just found out as my daughters music classes started.

Great book, thanks

The product was great. It took 5 days to get the book. It was a prime idea.
