Customer Reviews

This edition edited by Paul Harvey has added slurs that are not in the original part. You are better off to buy the Durand edition or the Henle Urtext as these are more representative of what Saint-Saëns wrote.

This edition has been cleaned up a bit. Print is larger and some slurs have been added to make some technical sections easier.Clean edition.

Well-printed music, easy to read, very clear. But is missing one crescendo. This was the exact work of four movements I was looking for.

This was in great condition, everything was great but the price was just a little bit high! Otherwise it was great!!

Music was as advertised and easy to use. Thought the clarinet part had not been included because

it was between the pages of the piano score.
