Customer Reviews

This book is awesome from the first page to the very last page! I would recommend it to anyone! Penny Farthing Graphics has included a wide variety of sugar skulls ...from easy and delightful to intricate and stunning.....something for everyone! The white graphic on black paper looks wonderful colored with gel pens and markers, especially neon ones. I would recommend using a piece of tagboard underneath your coloring page in case of any run through. The Midnight Sugar Skulls Vol 1 by Penny Farthing Graphics is a must have for your coloring book collection!

I surprised even myself, after coloring my first ever, Sugar Skull image, & finding out that I really enjoyed it!!! I would never have thought that I would enjoy coloring sugar skulls, but I'm finding that I really, really like (or love) coloring these Midnight Sugar Skulls from Penny Farthing Graphics

Midnight Series!! There are 60 skull images to color in this awesome book, with a large variety of skill level, making it a great book for all colorists!! I'm a huge fan of the black background pages, as I love how "showy" the image looks, upon completion. If you're a fan of Sugar Skulls, & I know there are many of you out there, consider this as your next purchase.... You won't be disappointed!!!

Do you LOVE Sugar skulls? Then this book will really make your color juices flow. The sugar skulls in this book are all midnight version. Penny Farthing Graphics has this book that's black backgrounds. The black makes the colors pop. The pages are printed crisply on great weight paper. My gel pens did not go through. I put cardstock between and it didn't get gel on it. Are you ready to go "to the dark side?"

An interesting variety of images. The reason I only give it four is that it doesn't come with perforated pages. I used gel pens on mine and was very pleased with the results.
