Customer Reviews

I am a fan of art and an avid postcrosser and postcard collector So i get almost any new set that comes out on .I would give this 4.5 stars just because im slightly disappointing that there is no Marilyn Monroe card in here and also that the postcards do not have their Titles on the back that said the cards themselves are large and beautifully done...the colors are vivid breakdown: Quote postcard: 4; Cute Postcards: 5 (cats and hearts); Art postcards (5 - these are my favorite); Abstract Postcards: 5; Multiples Postcards: 5; Soup: 4 and 2 self portraits = 30 and it was not very expensive! so great deal

Actually you get a pretty good deal compared to what Warhol postcards are going for out there. This is a collection of Warhol images that are sandwiched together in book form. Images are well reproduced and clean.

The postcards are oversized and require letter stamps. They are beautiful but difficult to detach. I found the best way to go about it is to separate the binding all together. After taking it apart, the

postcards were much easier to remove. In general, I like the art that's featured. I wish there was some of his photography. That's why I gave it 4 stars.

Postcards are of good quality, but they are very difficult to tear out. I was also less than pleased with the selection... too many quotes and self-portraits in the set for my taste. As other reviewers stated, they are over-sized and require more postage as well.

These are nice size, good quality and great selection of Andy Warhol. I'm very happy with this purchase. If you love Warhol, you will enjoy sending these to your friends.

I love mailing and receiving postcards. This bundle offered a great selection of cards for my pen pals who love Pop art cards. It's a great deal, too.
