Siempre Zarzuela: Baritone With CD Of Piano Accompaniment

Synopsis

(Music Sales America). These collections present celebrated Romanzas from Zarzuela, the popular Spanish tradition of music theatre which draws on elements of opera, popular song, dance, and spoken drama. With notes on the music and texts and translations. 12 songs, with different songlists for each volume. "The first modern collection of zarzuela songs was published in 2000, and since that time, interest has grown in this attractive form of music theater as a new generation of Spanish speaking singers has found the songs and arias to be wonderful vehicles for both vocal development and performance in their native language...Each volume contains twelve solos ranging in difficulty from challenging operatic arias to simple folksong-like melodies. These collections provide a wonderful window into the world of zarzuela and offer new repertoire in Spanish that should be a part of every singer's training and performance."-- Journal of Singing

Customer Reviews

I liked this score book. It is very well presented and it is easy to follow. Good summaries about the context of the selected pieces is also included. The piano accompaniment is especially useful.

Unfortunately, the editor omits some important baritone "romanzas" of well known zarzuelas such as "mi aldea" from Los Gavilanes and "brindis" from La Leyenda del Beso.

Great selection
