Don't be fooled thinking this is a full size notebook, it is small. If I open my hand and lay my hand flat open this notebook fits inside that space. It is cool though, if you want to carry it around in your purse or anything to jot down thoughts. Pages are blank, no lines.

I keep one on my nightstand and it doubles as a pretty coaster and handy notepad. I also carry one in my purse. I don't want a large or thick notebook for either use. The Dover notepads/notebooks are decorative and just right.

This is not a very good quality notebook, it's more of a notepad quality. I can find much better stuff at a dollar store. It is paperback and very thin backing at that, even for \$1.50.

Very cute little doodle pad. I tend to keep paper around for little notes and stuff I need to remember, and instead of filling up and wasting a huge notebook..I can use this and keep it in my purse. I like the small size and unlined paper. Great little notepad.

my dad needed to spend an extra dollar to get free shipping with prime. we searched one dollar items and found a lot of things that were over a dollar. we decided we would get this because it was only one dollar and free shipping[for us]. this wonderful, van Gogh notebook is good for: journal, art book, and idea notepad. you or your kids will love this. it is about 60 pages of blank printer paper in an appropriate size to put in your purse. get this for only one dollar. it is amazing and a great deal. so if you are looking to be creative and need something to express yourself, pick up one of these today.

Simple blank page notebook - is about the size of my hand. Cover is lightly laminated so it shouldn't wear too quickly. Thicker than I expected with very good quality paper. Would make a great gift addition. Got it for grocery lists in my purse. Very happy with purchase.

The pages are smooth, unlined, almost slick, but absorbent to hold mediums. Tried out my iridescent Sennelier oil pastels on one page and they did not smear on previous page! I was surprised. Great little book for jotting down sketches, pencil or pen (don't know if there is bleed through with ink), or just experimenting. I would not use this for a permanent painting keeper since it does not say acid free, but for experimenting, it is great. Recommend. Plenty of pages and bigger than expected.

Good thing to keep on you and super cute ! Measures 4"x6", edges get a bit battered after a lot of toting around but still maintains shape and design.
