Customer Reviews

Love this music book. You learn to play the music pieces quickly. It arrived very quickly as is famous for. And in good package. Great book to learn a language on day one easily is Speak Tagalog, A Basic Primer by Juanita de Guzman Gutierrez on sale also at . Four children books by Gutierrez also on sale at are The Blessed One, The Just One, Full of Grace, Chosen You Forever. When i gave one of these kids book to a young budding reader her smile is stunning!!!enjoy them all at !!

I bought these books to continue in the series that I started in a college class but was unable to continue to attend. These are pretty good and easy to read/understand. No baby nonsense and nothing too complicated. So far I have nothing contrary to say about these books. I have lots of beginner books and these don't stand out as particularly great or bad, but if you are considering buying them for their intended use, I doubt you will be disappointed OR thrilled.

Just challenging enough to make you come back for more. The book gives you the 'I can do it attitude!'

Very well designed basic course for almost all beginning piano students

In decent condition, helped the children learn piano

This is a good book for a beginner. Has everything needed to get one started.

Fast shipping, good product. Would buy from again. Thank you!

Third class mail but I finally got it in one piece
