The New Erotic Photography Vol. 1

Synopsis

You can't spell TASCHEN without T & A! The world's finest contemporary erotic photographers. Imagine walking into a room filled with the world's finest contemporary erotic photographers, each with a portfolio of his or her best work. As you browse the photographs they discuss inspiration, censorship, how to find models, and how to make a living capturing beautiful women on film and in pixels. The New Erotic Photography is the room, and dozens of photographers from various countries are the hosts of this intimate gathering. In this 320 page volume you will meet Ralph Gibson, Jan Saudek, Terry Richardson, Natacha Merritt, Petter Hegre, Richard Kern, and the many fresh new talents currently redefining eroticism. Playful, provocative and exuberantly sexy, these aren't your granddad's art nudes—this is The New Erotic Photography. Text in English, French, and German

Book Information

Hardcover: 320 pages

Publisher: Taschen; Mul edition (May 15, 2013)

Language: English

ISBN-10: 3836544032

ISBN-13: 978-3836544030

Product Dimensions: 6.8 x 0.9 x 8.5 inches

Shipping Weight: 1.8 pounds (View shipping rates and policies)

Average Customer Review: 3.6 out of 5 stars See all reviews (38 customer reviews)

Best Sellers Rank: #542,684 in Books (See Top 100 in Books) #122 in Books > Arts & Photography > Other Media > Erotic #880 in Books > Arts & Photography > Photography & Video > Erotic Photography #2783 in Books > Arts & Photography > Photography & Video > Equipment, Techniques & Reference

Customer Reviews

VERY DISAPPOINTED! THIS IS ESSENTIALLY THE SAME BOOK PUBLISHED IN 2007 (OVER 600 PAGES) AND 2009 (A LARGER SIZE, "25TH ANNIVERSARY" EDITION, WITH ONLY 400+ PAGES) EXCEPT IN A MUCH SMALLER FORMAT AND WITH ONLY 320 PAGES! THE OLDER EDITIONS ARE MUCH BIGGER AND BETTER THAN THIS ONE. NOWHERE IN THE DESCRIPTION IS THIS INFORMATION STATED (AS IT IS IN VERY SMALL PRINT ON THE BACK PAGE OF THIS EDITION AND THE ONE FROM 2009). I AM RETURNING MY COPY FOR A REFUND-ESPECIALLY SINCE I ALREADY HAVE TWO SUPERIOR EARLIER EDITIONS. I AM

USUALLY VERY SATISFIED WITH TASCHEN BOOKS, BUT THIS FORMAT-CHANGING, "TRIPLE-DIPPING" IS RIDICULOUS!

This is extremely unbecoming of both Taschen and Dian Hanson, both of whom are famous for high quality books and editing. This small book doesn't do justice to the level of haute erotic photography in the book, and I'm quite frankly surprised that the artists signed releases for this book. The color saturation is bad, the text in some terrible typeface that's hard to read on glossy paper, and let's be honest -- nobody gets erotic photography books for their portability. We get them because we want to see beautiful photographs in a 'wow' package that really does justice to the passion present in the photos. So why make a book the size of a travel guide? Is someone packing this away for their trip to Bermuda? You can still enjoy some of the photographs, but I'd save up and either buy the bigger version (if you can find it -- it was published in 2009). The fact that this is a three stars review and not one star is just a testament of the abilities of photographers, not any compliment to the publishing house or the editor.

I ordered this thinking it would be an interesting coffee table book along with the Von Unwerth books and other photographers' works, but the overall quality of the images was point & shoot, and not of the Terry Richardson variety, much lower quality, which is not what I expected from Eric Kroll. To be honest, I am going to give it to someone to get rid of it.

Not bad, but not good either! I was under the impression this would be nothing more than a large collection of B/W erotic nudes! Where as it does have pictorials of beautiful women, its is basically a book about the photographers of such erotic works of art! Not what I expected....but still, in its own way, helpful for what I wanted the book for in the first place.....learning what to look for in erotic art. I am an artist who specializes in the medium of charcoal drawing. This book has helped me to learn what is erotic to one person, can be repulsive to another! I would recommend this book to anyone who is seeking that insight into the world of erotic art!

If you want a short introduction to some artists in this genre this is a good book. But as others have said you only get a tiny view of each artists' work, and the pages are not large so it is not ideal for photographic viewing. It really is for identifying artists you want to follow in the future rather than really knowing their work.

Dian Hanson has done it again. Being a fan of Dian Hanson having purchased her "Big" books, I just had to have her latest edited book as well. The front cover photo of "Sonia" is one of the best photos in this book, and there are others of interest for me. More interesting were the short statements of the photographers describing how they approach their art and the difference between pornography and the erotic images they try to create with their models. I was surprised there were no men as principal subjects in the photographs except as supporting characters. What are heterosexual women viewers supposed to do? As we understand today, women can have a great and abiding sexual appetite if they are honest with themselves. I would strongly recommend to Ms. Hanson that her next book focus on erotic photography for women who love men. Perhaps that is Vol. 2.

A mish-mash of styles, themes, etc. It has one of my favorite photographers in it, but only 2 images. His work and the cover made me think I'd find similar works and maybe new artists I would like. Most of the images in this book are nothing like the cover.

The Photography was great, and each of the photographers spent time to capture the personality and the emotion of each model. It was a wonderful book. The photography was alive. B Martin
