Adventures In Singing: A Process For Exploring, Discovering, And Developing Vocal Potential

Synopsis

Adventures in Singing combines a thorough introduction to the singing process with an anthology of over 70 songs. It offers a clear introduction to the basics of how the voice works along with methodical voice-building techniques. The popular text takes a holistic approach throughout, reflecting the view that the study of singing helps students to develop greater self-awareness of body and mind.

Customer Reviews

First things first: The book is a decent introduction into singing, and was required at my school where I am majoring in voice. The first few chapters cover the physiological aspects in a mostly simple, fairly concise manner. The songs include selections from different languages and varying styles, difficulty and tempo. I would give the book by itself 3/5 stars. Now for the down-side- which I'd give 0/5 for if I could. The book is supposed to come with a CD, which (as another review pointed out), did NOT come when shipped. At the time I paid something like 85 or 90 dollars for BOTH, and received the book in its plastic wrapping with no CD. I contacted and was told I would have to mail it back and they could send me a new one. To speed things up, I contacted the publisher, McGraw Hill instead, thinking they would be reasonable and accommodating and send me a copy of the CD that was missing from their product. I was completely disgusted at every stage of the process. I first tried calling 1-800-338-3987 as posted on their website, and could not get through due to "technical difficulties". I then e-mailed them with a detailed account of the problem and received an e-mail

saying it would be within 48 hours I'd receive a response. So I waited until seven days later, and STILL no response, I called them again, the line listed on the website was still not working, and had to call 1-800-334-7344 to get a response from an obviously angry employee who WOULD NOT accept blame for ANYTHING. She expected me to dish out another 56.00 to order a CD from McGraw directly because it wasn't them who sold it to me, it was (because I'm sure someone in an warehouse stole the copy, right?).
