# Revelations: The Photography Of Justice Howard

## Synopsis

Tattoo photography pioneer Justice Howard documents the American tattoo community with her highly iconic images. Howard effortlessly captures the essence of her subjects' triumphs, as well as their frailties. Her images enhance both the male and female physical forms, highlighting their strengths and prowess, and expose hidden elements of the human condition in all its kaleidoscopic beauty. Gracing the pages of this graphic dossier are fifty-two models, including Malice, Xanthia Pink, Dejah Garcia, Christine Fury, Mia Taylor, and Amelia Nightmare. Tattoo artist luminaries, such as Mark Mahoney, Freddy Negrete, Rick Walters, Corey Miller, Kari Barba, and Robert Atkinson also make appearances, as well as rock gods Evan Seinfeld and Dave Navarro, Sons of Anarchy actor Rusty Coones, Black Veil Brides, Diego Verduzco, and UFC champion Kimo Leopoldo. In front of Justice's lens, these figures appear quite capable of escaping from the pages and conquering the world by storm.

## Customer Reviews

A truly prophetic title for a magnificent photographic and, in my humble view, extremely emotional, work of great beauty and relevance to what art is all about!! Many folks might say that one would gain/get the most appreciation from this splendid tome, if one were either [or both] a fan/follower/aficionado of tattoo art and therefore, those folks who wear such art, while also appealing to those who work as tattoo artists themselves, and can truly appreciate how fellow artists have their creativity laid out over several hundred pages on full color, thick paper stock that adds up

to one hefty, sensational offering. That being said, as to how on a superficial aesthetic the book is a winner, it's time to draw down and focus on the main attribute that drives this work into "Masterpiece" consideration. The author, the artist, the photographer of note, whose star is now most definitely on the rise, Ms. Justice Howard, has human emotional skills and qualities that set her apart from the majority of photographers working in the same or similar fields; this is a rarity among those whose work focuses primarily on the bodies of others that, at first glance, contain the creative art work of others and thus don't necessarily draw attention to the photographer, who in some instances may very well want the model and her/his art to speak for themselves. Fine. And yet, after you've seen one inked up person, no matter how cleverly attired and/or positioned, maybe you've had it and the interest and/or fascination is gone.
