Elite Street: The Elite Model Look, A Fashion And Style Manual

Synopsis

How does the vibe on the street translate into new trends in beauty and fashion? Why not look to the newest hot models on the block for the answers? In *Elite Street*, the freshest faces from one of the world's top modeling agencies show young women everywhere how, with a healthy attitude and the right clothes, make-up, and accessories, anyone can find their own personal style. This book is an up-to-the-minute, useful guide to feeling good and looking great in all the places life might take you--whether it's a night out in the city , a day at the beach, or just relaxing at home. Packed with helpful hints and creative ideas, it covers everything from finding the right products for your skin and hair to dressing for your body type and creating a workout that works. Here, too, is advice on coping with such real-life situations as peer pressure, stress, and dilemmas of the heart. The book also draws on a wealth of experience and know-how in the image-making business with commentaries from such fashion and style authorities as supermodel Linda Evangelista, *Elite* founder John Casablancas, and *Elite*'s best experts and stylists.

Customer Reviews

i bought this book with high hopes as it is assumed that a good agency like elite would be able to produce a very good book. Unfortunately i was wrong-there was no interesting information in this whole book and only took me about 20 minutes to read; not good value for money

I found this book to be very helpful and accurate! Elite is a very fine agency! The tips were very

good and got me on my way to a better me!
