Customer Reviews

Newly retired high school teacher and I'm coloring? Yes. I really like the escape, the quiet, the different way to spend time when you have limited time. Grandma is coloring with the kids and is having the best time.

I was given this book as a gift and over all the images to color are ok. The quality of the paper however is absolutely HORRIBLE. Even with colored pencils i would be skeptical of trying to color even one page, thank god i always make copies first. but for the ones who don't, the quality of the paper needs to be better.. if your going to put out coloring books, make them so they can be a collector item for those who color all the pages and keep it together in the original format.oh yes, one more thing, the pages in mine are even crooked.... the cover wasnt cut correctly either...

This is a fun book especially for the season.

The paper quality is terrible. Designs are pretty small in comparison to the size of the pages.
