Customer Reviews

Love this coloring book so much! Great stress relief! The pictures are stained enough to make them fun, but not so detailed that it takes hours to complete. Perfect!!!! â^øi•

I love the drawings and the outfits.

Love this coloring book & the pictures are super cute! Simple & stylish. Pages are one sided so no worrying about marker or paint bleeding through onto the next picture. The "models" in this book are all pretty similar looking but still leaves a lot of room for creativity & design. Warning- this is a coloring book for grown-ups. I say this because I love it but I certainly don't want my daughters coloring in it because the girls in this book are all stick thin, huge eyes, huge lips (think Bratz) and I dont think its body image positive for young children. The girls also are dressed rather sexy on some pages.

I thought I was seeing things but I wasnt. There are several Duplicates in here! Additionally, there are duplicates of some faces and poses but different outfits. Some of the lips aren't fully drawn in so the coloring can look funny unless you line it yourself. Other than that, they're good to color without spending several hours on it.

This is my favorite coloring book that I've purchased so far (& I own a lot)! I was skeptical at first due to the lack of reviews, but I'm so glad I decided to order. The pictures are very nice & I can't wait to get started coloring!
