Customer Reviews

Irish Country is a joyous resource for all who wish to emulate the essence of Irish country decor. Whether a cottage, townhouse, or bungalow, elements of Irish country style leap from each page. Emphasis is on grace and comfort. Inclusion of the expected (Waterford and lace curtains) coupled with the delightful surprise of french toile, georgian and regency wallpapers and textiles, inspire a unique direction for decorating a home today.

Rather disappointed with this coffee table book. Was looking for a collection of ideas and images of traditional Irish country "peasant" houses - as in thatched cottages - instead it was very heavy with upscale Anglo-Irish manor houses.
