Fiddlers Philharmonic Encore!: Violin

Synopsis

At last the excitement of traditional folk fiddling can be experienced by your entire string orchestra! Written by two renowned educators, this fun and motivating collection of 16 cross-cultural fiddle tunes is presented in a unique format that makes it perfect for players of any level or age. Each tune includes a solo version, followed by a 3-part "arrangement" for group performance. Chord symbols, for improvisation of additional instruments (guitar, mandolin, etc.) are also included.

Customer Reviews

My wife is trying to increase her expertise on the violin. She had heard of this book from a fellow violin player. She had me purchase it for her (with the CD - most important). She loves it. She has now installed a CD player in her music space and is practicing even more than before. Listening and playing to the CD has forced her out of her comfort zone to play faster. It was difficult at first, but she got the hang of it and just loves how she is moving forward. This is a really great training aid for those wanting to move forward in the violin world, to make the move beyond what you think you can do and to find some real satisfaction with your instrument.

Exactly as described. Shipped quickly.

So fun!

Fun book and got a few tunes for future playing out of it with my dueting Sistah.
