Customer Reviews

I own a number of coloring books by Marjorie Sarnat by several different publishers. This makes a difference in the paper used, whether or not colored samples are included and also whether or not the pages are perforated. *Elegant Elephants* is a book published by a new (to me) publisher and, in this case, other than the designs on the front and back cover, there are no colored samples and the pages of the book are not perforated. The designs are really quite special and there are 34 of them in this book. As with all of Ms. Sarnat's coloring books, the designs are very detailed but

don't have tiny, intricate details that are hard to color. There are a number of â œdoodleâ • style designs as well as designs which feature other types of details added to the hides of the elephants. This makes coloring fun as you can color the creatures in any fashion you can imagine. This is what I experienced while coloring in this book and testing my coloring medium on the paper: 34 Detailed Elephant Designs by Marjorie Sarnat Printed on one side of the page Paper is medium weight, white, slightly rough and non-perforated Glue Binding Designs do not merge into the binding area and there is enough room to cut pages out if you choose to do so. Alcohol-based markers bleed through this paper. I suggest you use a heavyweight blotter page of card stock or several sheets of paper below your project page if you are using alcohol-based markers. This will keep seeping ink from ruining the pages below. Water-based markers, gel pens and India ink pens do not bleed through the paper but do leave slight shadows on the back of the page. Colored pencils work extremely with this paper.
