The Night Voyage: A Magical Adventure And Coloring Book (Time Adult Coloring Books)

Synopsis

This third adult coloring book in Daria Song's Time series follows the little girl on a new nighttime adventure when the conductor of her toy train comes to life and helps her distribute gifts across the world. The Night Voyage is an evocatively illustrated story of a little girl who is swept away on the eve of her birthday by her toy train conductor on a magical journey to distribute gifts around the globe. Taking devotees of The Time Garden and The Time Chamber on an imaginative new adventure, The Night Voyage continues Daria Song's wildly successful series with the beautifully intricate art that her fans have come to love, featuring a world of paper cranes, penny-farthing bicycles, trolleys, cityscapes, and hot air balloon-filled skies.

Customer Reviews

I was so looking forward to this coloring book that I also purchased the version printed in Thailand. While I like things about both versions, for me, the US version is the clear winner. Why? Simply put â “ it has more designs to color. I'll go into some of the differences at toward the end of this review.â œThe Night Voyageâ • is the story of a young girl and her cat, Phoebe, who go on a night adventure giving away presents to others. Or did they? That is the question left unanswered at the end of this story. The coloring book is filled with Daria Song's beautiful artwork and imaginative design concepts. From paper crane airplanes to old-fashioned bicycles to gorgeous air balloons, each page is a wonderful opportunity to color. In addition to the 64 pages of designs, there are thumbnails of each and a bonus coloring page as well as a card that can be cut out and colored.

(with both cutting lines and folding line included.) This is what I experienced while coloring in this book and testing the page with my coloring medium. In the comments section below, I will list the coloring medium I use for testing and coloring. 64 pages of Daria Song designs plus bonus page and card printed on both sides of the page. Paper is bright white, very lightly rough, heavyweight and non-perforated. Binding is both glued and sewn – not the type that is easy to snip threads to remove pages. I don't recommend this as so many of the designs spread across two pages. Designs merge into the binding area. Most designs spread across two pages. Separate dust cover which has coloring opportunities on the inside and an attached cover which can be colored as well.

What did I just got it to day, and I'm so glade that I did, love how it has an actually book cover on it, and how its like both a story book as well as a coloring book. the drawings are such gorgeous artwork, and unique and fun to color, What did I think of it: Just got it today ,and I'm so glad that I did, love how the drawings are gorgeous artwork and but at the same time but unique and fun to color, the paper feels like its high quality and can withstand most coloring pen paper is high quality which is great because I love to color using markers, coloring pencils and Crayola Crayons , also love how its like it both an actually story book and a coloring book together, the only downside to it is that the pages are double sided (so I'm going to have to do a test to see how well it does with markers) but that's the only down side, this would be a great gift for anyone, who loves to color, and a great way to spend time with your kids , love also how in the back there's a cut-out card that you can color and cut out and send it to someone, plus I love the visual index , a really great idea , because then you can use those as your test subject if you wanted to before actually coloring in it.
