Customer Reviews

I was really surprised when I was actually able to get this book in my hands!!! I waited so many months before I could order this book! Any way, this book is comprised from three different artists', Hikaru Hayashi, (my fav by the way) Takehiko Matsumoto, and Kazuaki Morita. These three artists' teamed up to compile a book with there own renditions of stetching manga. Basically this book is a giant rough sketch book showing you the basic shapes they used to get their art work to look the way it does. This is actually helpful in alot of ways. It is preparing you on how to do this so that you can have a idea on how to draw your own manga masterpieces. Toward the end of the book, they give examples of some of the artist's work and how to improve the color on the artwork.
